School Description

Tehama eLearning Academy offers a blended model including a full range of online academic courses as well as on-site core and elective courses for grades seven through twelve.

The mission of Tehama eLearning Academy is to provide a flexible, online, standards-based education and data-driven onsite instruction for students in Tehama and adjacent counties. To prepare students for college, career, and future endeavors, we foster a supportive learning environment through parent partnership and relationship building with our students.

School Profile

Tehama eLearning Academy is a nonclassroom based charter school that originally operated under the Mineral School District. Since 2013-14 it has operated as a charter school under Tehama County Department of Education.

Our school has about one hundred and twenty five students. We provide students with an engaging and secure online neighborhood to complete coursework, improve academic skills, and master the Common Core State Standards. Support and tutoring are available electronically and onsite every school day. The courses are taught under the guidance of California certificated teachers who are experts in their academic fields. All of the courses are "open entry" / "open exit" and students may access them twenty-four hours a day seven days a week.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF webpage at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

School Facility Conditions and Planned Improvements (Most Recent Year)

Tehama eLearning Academy is a non-classroom based charter school which is located in Red Bluff, California. The 4,500 sq. ft. facility has four intermediate size offices and three small classrooms which are used by students and teachers. The school location is convenient for families and students and accessible by the county bus line.

The principal ensures that the cleaning and maintenance of the school is a priority. Custodial staff ensures the facility is cleaned on a nightly basis and maintenance staff respond in a timely manner when the need arises. The district has adopted cleaning standards for the school. A summary of these standards is available at the district office for review.

School Facility Good Repair Status (Most Recent Year)

Using the **most recently collected** FIT data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected
- The rate for each system inspected
- The overall rating

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and

- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

ELA	9	N/A	23	N/A	50	N/A
Math	2	N/A	13	N/A	39	N/A

Note: Cells with N/A values do not require data.

Note: The 2019-2020 data are not available. Due to the COVID-19 pandemic, Executive Order N-30-20 was issued which waived the requirement for statewide testing for the 2019-2020 school year.

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2020-21)

As each student is registered at Tehama eLearning Academy, a parent conference is held and a master agreement is signed. Parent-teacher conferences are offered each semester. Good communication is assured by weekly parent-teacher contact. Parent involvement is encouraged and parents have the opportunity to participate in the decision making process for both their students as well as the policies/procedures of the school. This parental input is facilitated by educational parent meetings at the school, bi-monthly Family Night, focus groups, parent surveys, parents attending Tehama eLearning Academy Governance Committee meetings, as well as the opportunity to meet with the principal at any time. A parent representative and a student representative serve as a voting member of the Governance Committee. Parents also serve on the school Safety Committee.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan (School Year 2020-2021)

Safety of students and staff is a primary concern of all staff at Tehama eLearning Academy. The school is always in compliance with all laws, rules, and regulations pertaining to hazardous materials, state earthquake standards. The School Site Safety Plan was last reviewed and updated during the Spring of 2019. Staff and students have received training on Active Shooter situations. All revisions to the school safety plan were communicated to both the classified and certificated staff. The school's disaster preparedness plan includes steps for ensuring student and staff safety during a disaster. Fire and disaster drills are conducted on a regular basis throughout the school year. Lock down drills and Active Shooter drills are held as needed. Students are supervised on school premises by certificated staff, classified staff, and the principal. The school utilizes a safety committee that meets quarterly to review safety needs and recommend safety policies to the school Governance Committee. During the pandemic, special safety protocols have been established based on CDC recommendations, consultation with Public Health and mandates from CDE and our Governors. These protocols have been included in a Return to School plan approved by our local Public Health Officer. These safety protocols include social distancing, increased sanitation and masking.

There is a designated area for student drop off and pick up. Students and visitors are required to sign in and out at the main office when arriving and leaving campus.

Suspensions and Expulsions

Expulsions	0.0	0.0	0.0	0.0	0.1	0.1

Suspensions and Expulsions for School Year 2019-2020 Only

(data collected between July through February, partial school year due to the COVID-19 pandemic)

Rate	School 2019-20	District 2019-20	State 2019-20
Suspensions	0	0	0
Expulsions	0	0	0

Note: The 2019-2020 suspensions and expulsions rate data are not comparable to prior year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to prior years.

D. Other SARC Information

The information in this section is required to be in the SARC but is not included in the state priorities for LCFF.

Number of school days dedicated to Staff Development and Continuous Improvement	3	3	3

Staff members build teaching skills and concepts by participating in many conferences and workshops throughout the school year, then sharing their experiences and knowledge with district colleagues. Topics for staff development include: technology and instruction, evaluating testing data, mathematics instruction, school safety, social and emotional learning and learning records management. Staff have attended conferences in Trauma informed practices, and NGSS Science Standards, History and Social Science, Professional Discourse, and English Language Development. Staff are participating in a county-wide focus during the 2019/2020 and 2020/2021 school year on Social-Emotional Learning for adults and students.

Staff meetings are held each Tuesday morning whereby individual student progress is discussed, staff participates in CCSS professional development opportunities, data is analyzed and school planning is discussed.

Career Technical Education Programs

Three Career Technical Educational pathways are offered to students at Tehama eLearning Academy; Business, Education and Hospitality. Each pathway includes courses to build skills and prepare students for entry level positions in these career fields, or future education. Partnerships have been developed with the local Job Training Center, Shasta Community College, and Adult Education Program to provide students with Job ready skill development opportunities, as well as paid Work Experience. All CTE students participate in an onsite leadership class to ensure skill building in this important component. Our College and Career Counselor assists students with completion of Food Handlers Certification, FAFSA, and many College and Career exploration opportunities. Field trips were held to Manufacturing Day, STEM Career Day, and College campuses. Support for concurrent enrollment allows students to complete concurrently enrolled courses leading to industry recognized certifications such as the Assistant Permit on the Child Development Permit Matrix. We are tracking the number of students completing CTE courses, concurrent course completion, and certifications obtained.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.
